

# MIDAS Collection

JAKE PHIPPS

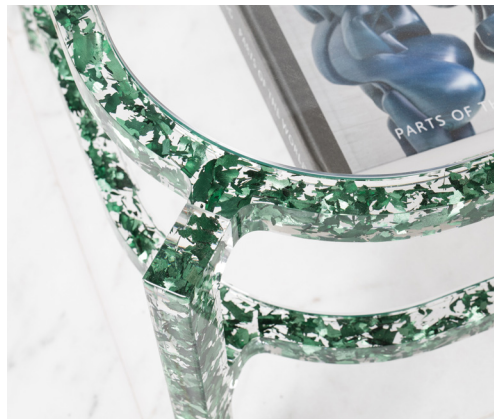

[WWW.JAKEPHIPPS.COM](http://WWW.JAKEPHIPPS.COM)

The MIDAS Collection consists of four pieces of furniture. Each incorporating carefully shredded silver-leaf encapsulated in crystal clear resin frames, and available in a variety of colours.

During the manufacturing process the silver-leaf is left to randomly float in the resin so that, once cured, light bounces and reflects off the leaf providing a confetti-like pattern and a unique fragmented glimpse of depth to each element.

Each table has two shelves with low-iron toughened glass. All colours and materials are UV stable.
